Services in Somerset

From cool coworking spaces to award-winning headquarter campuses, Somerset is creating the optimum environment for the future of work.

Somerset is a proven location for headquarters operations.

Homegrown success stories such as Mulberry in Radstock; Screwfix in Yeovil; shoe company Clarks in Street; and Western Provident Association, the medical insurance firm based in Taunton, are testament to the area's ability to house key HQ functions such as finance; IT; HR; sales; marketing; and customer services.

Somerset is an ideal location for government relocations and major companies looking for a high quality headquarters without the cost of London and the South East. In 2020, the UK Hydrographic Office completed its new HQ in Taunton and was voted the 'Best Corporate Workplace' and the 'Best of the Best Office' at the British Council for Offices' national awards in 2021.

Somerset has the talent, infrastructure and exceptional quality of life to deliver the optimum solution for your future office needs.
